THEMATIC WORKING GROUP ON WEHAB+3

ASEAN FOR ALL: The Future We Want

9-10 DECEMBER 2015 VISTANA HOTEL PENANG, MALAYSIA

INTRODUCTION

SEASN TREE

South East Asia Sustainability Network (SEASN) is a network of interest on sustainability of higher education institutions and other related sustainability organisations, agencies, NGOs and industries in South East Asia countries committed to promote, engage and integrate sustainability in their teaching, research, community engagement and institutional arrangement.

SEASN provides a platform to support higher education institutions, other related sustainability organisations, agencies, NGOs and industries in South East Asia countries in the exchange of ideas, findings, informations, and good practices in teaching, research, community engagement and institutional arrangement with a focus on Water, Energy, Health, Agriculture, Biodiversity, Climate Change & Disaster Risk Management, Consumption & Production and Population & Poverty (WEHAB+3).

Objectives

- * To promote sustainability in higher education institutions, other related sustainability organisations, agencies, NGOs and industries in South East Asia countries
- * To share information and best practices in sustainability
- * To exchange ideas and research findings in sustainability
- * To joint collaborations in projects on sustainability

SEASN MEMBERSHIP

Institutional membership in South East Asia countries with an interest in sustainability as follows:

- * Higher Education institutions
- * Organisations
- * Agencies
- * NGOs and Corporations
- * Industries
- * Others

SEASN THEMATIC WORKING GROUP (TWG) 2015 (9 DECEMBER 2015)

Introduction

The SEASN TWG is a multi-stakeholder network of delegates from SEASN members including public, private and non-profit sectors who will gather at least once a year in a Working Group with the following objectives.

Objectives

- * To act as a platform for discussions and exchanges of good practices and challenges in sustainability issues.
- * To foster dialogue and create collaborations amongst experts and action plans to implement sustainability projects especially in WEHAB+3.
- * To raise the profile of SEASN within South East Asia and throughout the world
